

Retail 2026

Smart Operations

2026 marks a new chapter for retail. As customers become more selective with their euros, retailers are finding their edge by marrying smart business tactics with seamless, modern service.

Smart Operations

With the Living Wage in effect, Smart Rostering is essential to protect margins while maintaining hospitality during peak rushes. Savvy retailers are also using advertising on ATMs to drive extra revenue and promote in-store offers.

The Bottom Line: 2026 is about a "High-Tech, High-Touch" approach.

Partnering with a premier cash machine provider like SMEB-IAD can drive footfall. The SMEB-IAD ATM solutions offer options such as Foreign Currency ATMs and Dynamic Currency Conversion ATMs, all backed by human ATM customer support.

Installing a reliable ATM solution ensures your customers always have the cash they prefer.
